<b>To</b>	All Tenderers		

Please confirm that you have received this Addendum

Please make the following changes/additions to the Bid Documents and complete the addendum table on the first page of the Bid Form (Document B).

---

### Clarifications

**Q1:** Can you please advise why a 10% bid deposit is sufficient for completion of the entire project; whereas, if you use a bid bond, you need a 10% bid bond and then an additional 100% performance and labour bond?

**Answer:** For clarity, Bidders shall replace “**10 Bid Deposit and Contract Security**” with the following;

#### **10 BID DEPOSIT AND CONTRACT SECURITY**

**10.1** All bidders shall include with each Bid:

- .1** An executed Bid Bond issued by a surety authorized to transact the business of suretyship in Ontario, in the latest form approved by the CCDC which is valid for a period of ninety (90) days after the Bid Closing Time, OR a certified cheque payable to the Owner, representing not less than ten percent (10%) of the amount of the Bid Price (the “Security”); and
- .2** An executed Agreement to Bond issued by a surety authorized to transact the business of suretyship in Ontario, in the form attached as Attachment “A”, or similar standard industry form generally in keeping with Attachment “A”, which is valid for ninety (90) days after the Bid Closing Time indicating that the Bidder is able to obtain from such surety a Performance Bond and a Labour and Material Payment Bond each for 100% of the Total Bid Price as required and in the form specified by the Contract. The cost of such Performance Bond and Labour and Material Payment Bond shall be included in the Bid Price.

- 10.2** Without prejudice to any other remedy or right which may be available to the Owner, the Security shall be forfeited if the Bidder refuses or fails to sign the Contract within five (5) days of being presented by the Contract Administrator with the Contract for execution
- 10.3** Subject to the other provisions of this request for Bids, the Security will be returned (without interest) after Acceptance (as defined in Section 13.2 of these instructions to Bidders) has been made and the successful Bidder has signed the Contract after having been presented with it by the Contract Administrator , or previous to such time, at the discretion of the Owner.

**Q2:** Can you please confirm the road name identified in Section 3.3 is intended to be "Weir Road"?

**Answer:** Yes.

**Q3:** Would it be acceptable to have the various entities listed as additional insured's on the successful bidder's main policy or is a separate policy showing the Township, the Engineer and the successful bidder as co-insureds (named insureds)?

**Answer:** The intent of the tender is that the successful bidder's required insurance policies name the listed parties as additional insured, in accordance with the tender requirements. A separate policy listing those parties as co-insureds is not required.

**Q4:** Is an HDPE Bell and Spigot culvert required for Item A-5-A? It appears that they are unavailable.

**Answer:** Yes, it is required. We have confirmed with multiple manufacturers that they are available.
